PRIMEURS

James SUCKLING

March 2011

Rich and dense with many cornflowers and minerality in the nose and in mouth. Full, the texture is very velvety. **90-91 / 100.**

March 2011

The first nose is very powerful, on the leather and the black fruits whereas the second is rather on beautiful vegetables. The mouth, powerful, presents a beautiful length. The wine is well done, it is very good.

TAST

Bettane & Desseauve

April 2011 (Primeurs)

Nose on black fruits and spices, broad-shouldered wine in attack, there is in mouth a compact substance which will develop perfectly. **14/20**

May 2011 (Primeurs)

Great maturity, red berry, but also a deep acidity, strawberry, freshness and an excellent length, attractive.

DELIVRABLES

February 2012

Intense aromas of blueberries and wet earth follow through to a full body, with chewy tannins that are polished and pretty. Excellent depth of fruit. Try in 2017.
